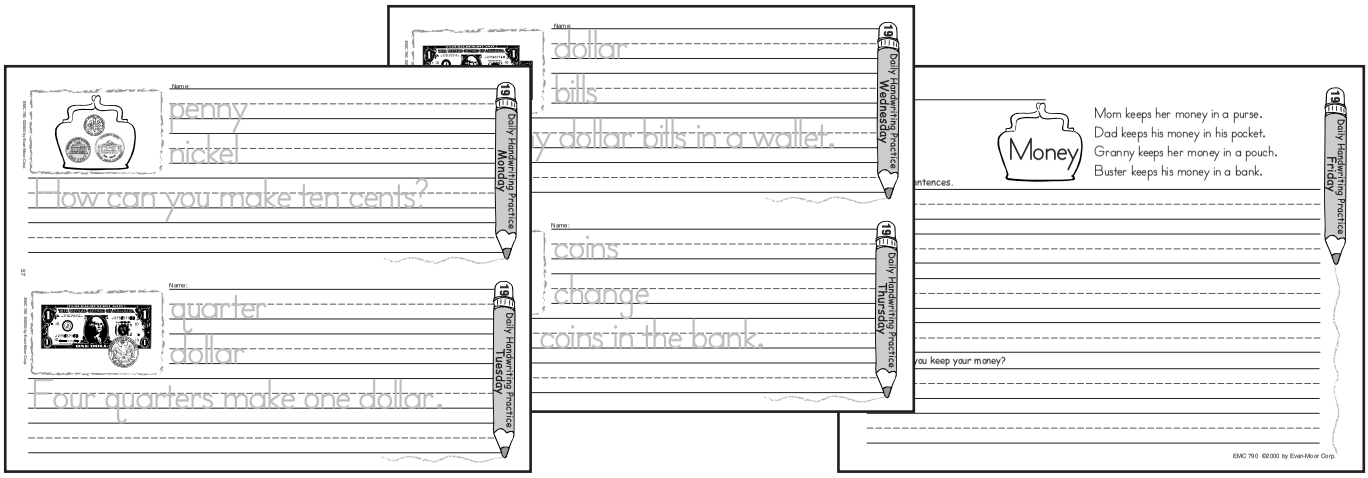
Why *Daily Handwriting Practice*?

The premise behind *Daily Handwriting Practice* is simple and straightforward—frequent, focused practice of a skill leads to mastery and retention of that skill.

What's in *Daily Handwriting Practice*?

The book is divided into 36 weekly sections. Practice for Monday through Thursday includes half pages on which students practice writing letters, words, and sentences. Friday's practice involves a full page.



Daily Handwriting Practice is more than handwriting.

Students are practicing a variety of important vocabulary words:

- color words
- number words—cardinal and ordinal
- verbs
- animal names
- days of the week
- months
- sports
- position words
- family members

As they write and read words in context, students are learning about curriculum topics:

- nutrition
- the solar system
- the layers of the earth
- recycling
- fractions
- the continents
- geometric shapes
- money
- energy

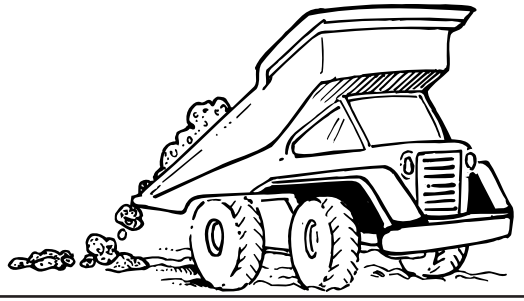
My Vehicle Alphabet Book

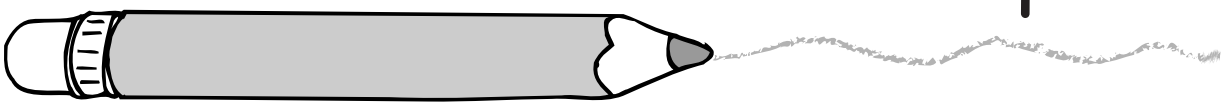


This ABC Book of Vehicles represents my best handwriting.
I have practiced writing (and reading) all of the alphabet
in lots of different words.

My name is _____.

I dedicate this book to _____.

Daily Handwriting Practice
Traditional Manuscript



Keep handwriting legible with focused practice. *Daily Handwriting Practice* provides a manageable half page of practice for every day of a 36-week school year.

Skills covered include:

- correct letter formation
- letter placement
- spacing between letters
- spacing between words

Students write letters, words, and sentences about a variety of content area topics appropriate for the primary classroom. During the final four weeks of the practice, students create an alphabet book about vehicles.
